WORKSHOP: WHY DO WE SUFFER?

Do you struggle with the idea that suffering is caused by Divine punishment or that our pain is the work of a mythical Devil whose only goal is to torture us?

In this workshop, Raul Teixeira will remind us that the teachings of Jesus Christ as explained by Spiritism are powerful tools in developing the understanding and rational faith which can help us overcome the challenges we face in life.

Mr. Teixeira will also help us move past the limiting perspective that our suffering is caused by God.

"Why Do We Suffer?" can help those who wish to better leverage their experiences of pain and suffering for their own growth by explaining that the root of suffering is ignorance. This powerful understanding can help us make better use of the valuable opportunities, precious time and resources that are God's gifts to us. Join us for an afternoon of personal growth and learning!
